

TRAVEL TRAINING EXTRAVAGANZA 2008  
PART TWO

## THE BASIC 8 TRAVEL/OUTDOOR TRAINING

Now that spring is just around the corner, the travel bug is starting to bite and we want you to be ready to go!!

Before you hit the road, however, remember that certain trainings and certifications must be in order. To help you with the details (so you only have to pack!), we're offering you the opportunity to take part in the required workshops relating to troop trips.

If your plan is to relax by the hotel pool for three days or more—or if you intend to take advantage of our beautiful outdoor world at a council facility or state park—you must complete this training.

You will learn planning tips and travel options for taking your girls to the theme parks, theaters and museums---AND tips for keeping them safe and entertained along the way!

If hiking the backroads and cooking your dinner underneath the stars is your troop's idea of heaven, this workshop will also give you the best places to make that happen.

You'll get basic outdoor skills (such as knife safety and knot tying), AND you'll get to practice your firebuilding skills with some really great recipes for lunch!

**SATURDAY, MARCH 15, 2008**  
**GIRL SCOUT SERVICE CENTER**  
**9:30 A.M.-3:30 P.M.**

**FEE: \$10.00**

**Minimum Number of Participants—10**
